# 2021 PROGRESS REPORT

## *To All Potential Buyers and Interested Parties*

We are pleased to share the 65 Day Progress Report on the bulls. The bulls are looking great, despite the cold snowy weather we have been receiving. Their health and performance has been outstanding. We are excited for the potential they have exhibited. There is a great selection of bulls, from trusted, tried and true consignors. They bring quality bulls year in and year out, and this year is no exception.

The bulls have been PAP tested and will be semen tested and ready to go by sale day. You will be receiving catalogs hopefully early March. Please look over the information and if you have any questions, feel free to contact us.

We look forward to seeing everyone on the 12th of March.

Robert & Paige Pingetzer

# *Cowboy Bulls that are Ready to Work*

- Consignors have selected their Top Bulls from each of their respective herds. Now is the time to add young, energetic, and genetically superior bulls to your herd
- Bulls have been PAP tested by Dr. Lanny Weedle so you can choose which bulls will work at the top of your mountain.
- After Final Weigh Day we change the ration, so the cattle can easily adjust to run in your environment.
