INSPECTION OF CATTLE

The cattle will be available for inspection at the sale site on Thursday. Prior to this, visitors are welcome anytime at the Feiring Ranch or Sheldon feedlot where Ash Coulee Ranch bulls are being fed.

ABSENTEE BIDS

Anyone who cannot attend the sale may place phone or mail bids to the auctioneer, one of the ring men, Doug Feiring, or Scott Davis. Bids will be handled as if you are present. Sight Unseen Guarantee. Bidding is also available through Bill Peltons conference call and DVAuction.

TERMS AND CONDITIONS

We will conduct this sale under the suggested sale terms and conditions adopted by the American Angus Association.

HEALTH

Health and brand papers will be furnished. All cattle have been for IBR, Pi3, BVD, Pasturella, Haemophilus Somnus and poured with Vettricmec. All females have been bangs vaccinated for brucellosis and will be vaccinated with PreGuard 10 FP before the sale. All bulls have been vaccinated with PreGuard 10 FP and Fusogard (footrot vaccine) so their ready to work for you.

EPDS AND FINAL PERFORMANCE DATA

Current EPDs are used whenever possible. Please note that EPDs may change from the time the catalog is printed until the registration papers are transferred. Performance information will be available on and before sale day.

ULTRASOUND CARCASS DATA

JJ Hovde, AAACUP certified technician, has ultrasounded all bulls for marbling, rib eye, back and rump fat. Results will be available on website or sale day.

ANNOUNCEMENTS

Announcements from the auction block will take precedence over information in the catalog.

INSURANCE

Insurance will be available through Bill Pelton.

DELIVERY

\$50.00 off per bull/picked up sale day. Or Free delivery on bull(s) within 250 miles radius. After 250 miles, we meet you or drop off at a central location point (sale barn, vet clinic or?) that has been agreed on to be a central location point by all parties.

FEEDING ARRANGEMENTS

We can board you bull(s) till you need them. Feiring bull(s) will remain at Feiring Angus Ranch. Ash Coulee bull(s) will be taking back to Sheldon Feedlot and cared for them there. There will be a \$2.00 per head/per day charge with this service. And you will be responsible for picking up the bull(s) at either place, unless prior arrangements have been made.

OUR GUARANTEE

To our knowledge, these bulls are fertile and have passed a breeding soundness exam and are guaranteed for the first breeding season (60 days) which begins when you turn out the bull(s). The semen test conducted by a licensed veterinarian consisted of both an internal and external exam. Scores were derived from scrotal measurement and microscope examinations to determine the motility and morphology of the sperm.

If a bull fails to settle cows or heifers, assuming he is in good condition and not injured, we will provide you with a satisfactory replacement if available. If a replacement is not available, we will issue you credit equal to your purchase price minus the salvage value that may be used towards the purchase of any animal for sale through our annual production sale or private treaty. We must be notified immediately and before selling the infertile bull in question. We also reserve the right to a second opinion from a veterinarian of our choice and 60 days to determine if the bull is infertile. This guarantee is to ensure the bull's fertility only.

LIABILITY

Everyone attending this bull sale does so at his or her own risk. Neither Feiring Angus nor Ash Coulee Ranch assumes liability, legal responsibility for any accidents, or for the behavior of animals.

RETAINING INTEREST

Feiring Angus Ranch and Ash Coulee Ranch is retaining one-third revenue sharing semen interest in every bull selling in this sale. Full possession and full salvage value sells on all bulls. Unless stated otherwise from the Auction Block. We also reserve the right to collect semen on any bull selling in this sale, at your convenience and our expense, to be used in our herds only.

Welcome Friends, Cattlemen, & Cattlewomen,

We would like to invite you to our 26th Annual Sale. Thank-you to all past & future customers, for showing interest, & choosing us for your seed-stock needs, we have been truly blessed! You are always welcome to stop by the ranch and look through our cattle operation!

We are going through a very challenging time in our country. Things will return to a new normal, markets will recover, and life will go on. A quote from Allen Savory; "WITH OUT AGRICULTURE IT IS NOT POSSIBLE TO HAVE A CITY, STOCK MARKETS, BANKS, UNNIVERSITY, AND CHURCH OR ARMY. AGRICULTURE IS THE FOUNDATION OF CIVILIZATION AND ANY STABLE ECONOMY" We have decided to move forward with the sale, but will keep monitoring the situation, and will do everything we can do for the safety of us all. We welcome as many as can come before the sale and look over the offering. There will be videos of the bulls and heifers on DvAuction and billpelton.com websites. We will have the cattle penned up at our sale facility 2 days prior to the sale providing you the opportunity to come & look over the cattle before the sale. You have some options how to bid by DvAuction, on the phone sale day, or we can take your order and it will be handled as if you were present. This will limit the number of people coming to the sale & coming in contact with others. We will know a lot more about this coronavirus pandemic in the weeks to come so keep in touch with us as things change. I'm hoping that it will be gone by then. We appreciate your patience as we all work though this! As always will guarantee your 100% satisfaction on sight unseen purchases.

We hand fed (grain) to the bulls, CHS Hi-En Bull Challenger pellets again this year. This feed is recommended to be fed at 2% of body weight and provide them 10 lbs. of hay a day. We have built them up to a little over 1% of body weight and offer them free choice hay. The gains printed in the catalog are from 12/6/19, the day they were weaned, through 3/18/20. The first 30 days they were only fed hay. Than started on the pellets along with hay for last 73 days of the gain test. They are gaining a little more now, than what is printed. I do not believe in pushing them to impress you with feedlot gain & yearling weights. Their FERTILITY is my #1 goal. Talk with any vet or any person whom collects semen on bulls and they always say that fat bulls have lower semen quality & a decrease in longevity. Some bulls are ruined for life and many in the industry do not care. They are more concerned about impressing you with growth and a quick sale!

We quit using popular, cutting edge, and trait leading genetics many years ago because our cow herd was being destroyed. I believe cows are the foundation to any breeding program & without a strong foundation everything will topple over. The Angus breed was noted for their superior trouble free females and every bull, I select, and I have the female in mind. We can argue maternal or terminal until we are blue in the face they are all terminal at some point unless they die before you get a chance to sell them. Your poorest cow that weans your poorest calf is still more profitable than the one that did not wean a calf at all. This is why fertility & longevity are the most profitable traits for any cow-calf operation but sadly the most over looked! A wise old purebred breeder said, if you breed for the cow everything else will fall into place. Balanced traits may never be popular but they will never go out style.

Last year we chose an independent company AgBoost to do DNA profile tests on our bulls and we tested both our bulls and heifers this year. These 16 traits are what most producers look at for their sire selection. They are verified through Igenity. The DNA profiles are measured against all breeds today, not just Angus, giving us a much more comprehensive look at how our cattle compare against all breeds. The AgBoost system is much simpler than the antiquated EPD system. Each of the 16 traits are given a score from 1-10 (# 1 being lowest and a # 10) be the highest level for each trait. This makes it very easy to see an animal's strengths and weakness. Our bull's scores are listed in the catalog. If you would like more info on this I will do my best to answer any questions. At this point I believe this is a good way to look at what's under the hood, rather than the fraud EPD system today.

If we can be of any assistance to you please let us know. We're looking forward to seeing & hearing from you! Thank-you for taking time to view our catalog.

GOD BLESS!

Doug & Ceylon Feiring Family

COMMERCIAL HEIFERS

General information on the commercial heifer offering:

- Heifers are penned by size and type.
- Heifers tag color indicates consignor, 1 through how many consigned.
- Heifers will be penned and displayed in uniform lots. Heifers will also sell with videos on TV's and not brought through the ring on sale day.
- Each pen will have consecutive numbers (tags) 1-20, 20-40, etc.

- Winning bidder has choice of 5 head or more, if they take 10 head they get the lowest numbers in pen (1-10), and then the bidding starts again on the remaining pen, or they can take the whole pen and have the option to take remaining heifers (pen or pens) by that consignor at their bid price.
- If you have questions please contact Doug Feiring, 701-629-1912

65 COMMERCIAL HEIFERS

15 RED ANGUS & 50 BLACK HEIFERS
Feiring Angus Ranch

- Replacement heifers selected from our registered and commercial cowherds.
- Born April and May 2019
- Sired by Feiring reference sires and Feiring raised bulls.
- Bangs vaccinated and freeze branded
- Outstanding brood cow prospects. Optimum size and very uniform in length, volume and structural correctness.
- Weaned on grass hay until mid-January, then started on feed, 4 lbs. pellet per/day and free choice grass hay and haylage.

70 COMMERCIAL HEIFERS

30 BLACK ANGUS HEIFERS & 40 BLACK BALDIES
Chuck & Roberta Ramberg & Katie Bearce

- Born March - May 2019
- Bangs vaccinated
- Freeze branded
- Breeding preg-guard shot
- Wintered on grass hay
- Docile and easy to manage heifers that will make excellent mothers.

- One Star Use on mature cows
- Two Stars Use on three-year-old & older cows
- Three Stars Maybe use on heifers, but some may need assistance
- Four Stars Most calving ease; very little if any assistance

OUR BULL GUARANTEE

At Feiring Angus Ranch we have always been prepared to guarantee our bulls. The guarantee is structured to cover fertility and soundness. All bulls selling have passed a breeding soundness exam by a licensed veterinarian and screened for soundness.

We will guarantee bulls from the date of purchase against loss of fertility or soundness not caused by physical damage. This is a guarantee to protect the buyer against any problems with bad feed, hooves, structural problems and/or the inability to settle a cow. When breeding for 3 years pro-rated in the form of a credit in the next available Feiring Angus Ranch sale, or if we have a satisfactory replacement on hand for a trade or a partial credit on a different bull. This guarantee does not cover injuries such as stifle, broken bones, broken penis, bruises from fighting, foot rot, frozen or bruised testicles, poor or over condition, unsound management practices, or disease. The guarantee only covers

the value of the bull, not the loss of production. A veterinary certificate is required to warrant this guarantee and we reserve the right of a second opinion. Any associated costs are that of the purchaser. Sound management practices are expected (fertility testing annually and checks that bulls are working while mating are mandatory).

Purchaser can extend their protection further by insuring their bull(s) for transit and full mortality risk. Being death by accident, disease, and including the peril loss of use by accident. This coverage will be at the buyer's cost.

Your cost of the bull, minus the salvage value will be covered by a 3 year pro-rate guarantee in the form of a credit in the next available Feiring Angus Ranch Bull Sale, or if we have a satisfactory replacement on hand for a trade or a partial credit on a different bull. This means that if the bull breaks down:

- During the first mating, 100% of the credit applies
- After the first or during the second mating, 67% of the credit applies
- After the second or during the third mating, 33% of the credit applies
- After the third, one of the credit applies

FEIRING ANGUS AGBOOST DNA SCORES

DNA was processed at Neogen Geneseek Operations / IGENITY

What are AgBoost DNA Scores? AgBoost identifies 16 traits and applies a score from 1-10, with 1 being lowest score and 10 being the highest score, against all breeds today. A higher score is generally better, unless you want less BW, FAT and RFI, then you would want a lower score. The DNA test is done at Igenity (Neogen Geneseek Operations) Lab, and Agboost is the 3 party source.

ASH COULEE RANCH

Dear Friends, Welcome to the Feiring Angus and Ash Coulee Ranch Production Sale. We value the interest you have shown in our programs and are honored to offer another strong set of trouble free bulls and heifers. These are cattle produced by some of the best genetics available to give a balance of economical traits so needed by ranchers to show profitability.

This year gives the cattle producer a whole new set of challenges. The uncertain situation with the virus has us all concerned about the future. If after all you still need a bull to get those cows covered the Feiring's and Ash Coulee Ranch will be having our sale as usual. The bulls and heifers will be on video at Pelton Livestock and DV Auction. If you are interested you will be able to bid by phone or online. Directions will be listed in the sale book. The sale will be held at the Feiring Ranch as usual if you would like to attend. The Feiring's and Ash Coulee are available to show you the cattle at any time or offer a sight unseen guarantee for

your purchases. Anything that will work for you the customer. Just give us a call if you are interested.

We would like to thank our friends the Feiring's for the hard work they put into this sale. A special thanks goes out to all interested in our genetics. Your the reason we have been able to provide seedstock for over 50 years. Your the reason I have been blessed with a job where I don't know most days whether I am working or playing. Thanks also to all the friends and family that help make this sale a success.

The Davis Family

BEST ALLIANCE 5023

A Paternal half brother to Box Cross 291 out of our A C Blackbird Blossom 918 cow he was raised from an embryo at Best Angus Ranch. Always searching for those easy growing genetics, 5023 was the high gaining bull of his group gaining 4.21 lbs. per day with a ratio of 126. Used as a yearling at Best Ranch he continued his rapid gain weighing 2175 lbs. at 26 months. He sires slightly larger calves at birth than Box Cross with tremendous performance, size and scale. His first daughter's look very good.
Candolier Forever 376 40 times, R R Rito 707 37 times, Shearbrook Shoshone 9 times

BEST TRACKER 6059

Another son of the maternal great, A C Blackbird Blossom 918, produced in Best Ranch's embryo program. He brings one of my favorite old-line Angus bulls C A R tracker 305 along with two other of my all-time favorite bulls, GDAR Dateline 354 and the easy calving specialist C T Miner 308. CAR Tracker 305 is the sire of the great cow A C Duke Girl 57 the \$53,000 Payne Angus Ranch Donor. We expect this bull to do great things for the angus breed. His daughters are exactly what we expected, wide, capacious and beautiful and his sons have the look and are performing well. Best Tracker 6059 had an IMF ratio of 131 and Rib Eye ratio of 118 so we expect some quality carcass traits also. He has good hard as flint feet and is sure footed and agile as a mule on the icy ground. *Candolier Forever 376-27 times, R R Rito 707-31 times, Shearbrook Shoshone-24 times*

BA NEW DESIGN 511

DAM

Discovered in South Dakota because of his calving ease potential and his eye catching phenotype, it took a \$17,000 bid to bring him home to Ash Coulee. We have used him lightly through no fault of his own waiting his turn to shine. His low birth, high growth sons will be your favorites in this years sale. 511 was used on 30 cows last year and has a strong future at AC. His daughters have peas in a pod beautiful udders and are the front pasture kind. One of the easiest fleshing bulls we have ever used, he can get fat on hay. *Candolier Forever 376 over 37 times, R R Rito 707 over 113 times, Shearbrook Shoshone over 37 times*

A C COLEMAN CHARLO 60

DAM

What a great day it was when my Dad decided to buy Coleman Dixie Erica 470 pregnant with a Charlo bull calf. Not often do we add new cow genetics but 470 has earned her right to stay. She traces 16 times to the famous cow maker Rito F0203. A C Charlo 60 is a "Bet The Ranch" heifer bull. His calves have the muscle, width and depth that are seldom found in easy calving genetics. We are excited about the future of his sons and daughters. His sons have been the high gaining sire group on feed the last two years. *Candolier Forever 376 11 times, RR Rito 707 62 times, Shearbrook Shoshone 9 times*

A C SHOOT THE MOON 6001 | DAM

We used A C Shoot The Moon 6001 to keep a calving ease line going. His CAR Tracker 305 dam is the reason we chose him. She was a smaller framed cow with a ton of capacity and fleshing ability and had a cool look. She always had small calves that never exceeding 80 lbs. at birth. We think the daughters of 6001 will be awesome. Use his sons for calving ease and maternal traits. Another bull that traces back many, many times to Candolier Forever 376, RR Rito 707, and Shearbrook Shoshone the common denominators of the Ash Coulee ranch genetics. Cow makers.

A C WINDY 622

All you probably have a Windy son just as good but the Windy genetics were so awesome at AC I couldn't let it go. Windy 622 was our second high selling bull in our 2017 sale. He was our high performing Windy that year and we are using him because of his top producing beautiful dam. A C Pretty Mary 537 was one of the best uddered cows I have ever seen. Perfect at 13 years old, She could have put most 3 year old's to shame for tightness, attachment and teat size. 622 is siring the great Windy muscle pattern with a little more performance than his sire and brings one more great cow to the mix. *Candolier Forever 376-44 times, R R Rito 707-88 times, Shearbrook Shoshone-23 times*

Watch & bid online for FREE at

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make you purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.
