*Annual* **BULL SALE**

**Saturday April 11, 2026 | 2pm at Faith Livestock | Faith, SD**

**SELLING: 56 REGISTERED YEARLING BLACK ANGUS BULLS | 16 REGISTERED YEARLING RED ANGUS BULLS**

## *Dear Friends and Fellow Cattle Producers,*

Welcome, and thank you for joining us for our 9th Annual Angus and Red Angus Bull Sale. We are truly honored to have you here and sincerely appreciate your interest in our program.

Our commitment has always been to produce cattle that deliver real-world performance, structural integrity, and long-term value for commercial and seedstock operations alike. The bulls offered today represent generations of careful selection focused on soundness, fertility, growth, and maternal strength — traits we believe are essential to building a profitable and sustainable herd.

We understand that purchasing a herd sire is an important investment. With that in mind, every bull in this offering has been developed with longevity, disposition, and practical functionality as top priorities. Our goal is to provide genetics that will go to work immediately and continue to add value for years to come.

We are proud of this year's offering and believe it reflects the progress we continue to make in raising cattle that meet the demands of today's industry while remaining true to the fundamentals that matter most.

Whether you are a longtime customer or checking us out for the first time, we are grateful for your support and confidence in our program. If we can assist you in any way during the sale, please do not hesitate to reach out.

We hope to see you on sale day!

Sincerely,

*Justin, Somer, Quentin, and Karsin  
Riley, Cally, Madelyn, and Gracie*

Here's the WOW bull in the sale! He's hard to miss, he loves to pose, and he's a bull who checks all the boxes for a lot of people. He's got moderate calving ease without sacrificing growth, and he comes from a proven, top-end cow in our herd. His sire is one we raised. He's at the ranch, and he's just as impressive to look at. This bull can be a herd changer!

We love this bull. He comes from a first calf heifer. He stands out with the best of the bulls in the pen. He's above average in all categories. He looks like he could be a spitting image of his sire. He also comes from a young Tahoe daughter that we are excited to have in production.

Here's a 3/4 brother to lot 38. He's the younger of the two bulls, but equally impressive. We love the Unified calves for their sure-shot calving ease. All the while, they also have the shape and size to make them compete in the sale barn and on the rail.

We've used Spectrum for a couple years now. The bulls are great and the heifers are some of our favorites. This bull comes from a cow that gets it done every year. She has a bull calf every year, and it seems like her bulls are always a fan favorite. This year is no exception. Keep the heifers out of this one!

Our lead-off Red Angus bull comes from one of our foundation cows. She has produced some of the top females in our herd along with some herd sire potential bulls. This bull is much the same way. He's a bull that's above average in all areas. He's hard to fault when you look at him. He checks the boxes - take a look!

Our lead off Royalty bull is one that is stamped heavily by his sire, much like his brothers in the sale. They all have a deep, solid red color, and they all have an attractive head with great muscle shape and definition. This bull is full of shape and really gained well for us after weaning.

This bull has big shoes to fill! His maternal brother won the Black Hills Stock Show in 2025 and is currently available for viewing at Origen while getting semen collected. Bottom line is that this cow is a producer, and this bull is no exception. Take a look if you want performance without sacrificing cow-making potential.

Here's our only yearling bull out of our beloved 5699 bull. He had mostly heifers last year, which breaks our hearts for the bull sale but makes us happy when looking at the future of our herd. This bull comes from a great X-Factor cow along with a great cow line on the sire side. He's a versatile bull that could find a place in many operations.
